

Grigna shrug

Size	34	36	38	40	42	44	46	48
Dress size	12	14	16	18	20	22	24	26

Knit in Yeoman Grigna at T10 this makes a lacy garment, which is great for dressing up a summer dress, or as a light cover up for an evening dress. I used less than 90g for size 14.

The whole garment took less than 3 hours to make, including finishing.

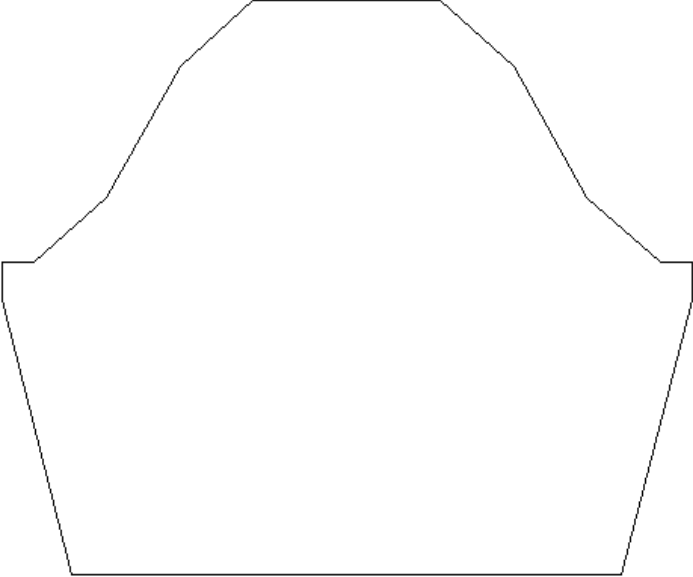

Tension is 20 sts and 30 rows over 10cm/ 4 inches.

Instructions:

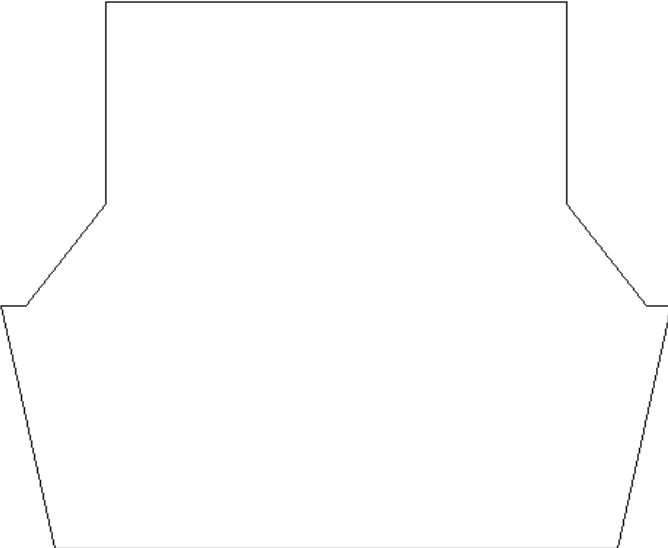

1. Knit all pieces using diagrams on following pages
2. Stitch together with sewing thread, then finish off front edge, bottom and sleeves with an edge of your choice – I used one round of double crochet, which was fairly quick and worked well. On the larger sizes, which have the bottom front edge extending a bit further, you could gather this in a little with the crochet to make more of a curve.
